

STATEMENT OF PURPOSE

RS22938

Telehealth and telemedicine play an important part in efficient healthcare delivery in rural states. This resolution calls for the Department of Health and Welfare to convene a broad group of stakeholders to develop appropriate standards and procedures for telehealth in Idaho. This coordination is a component of the State Healthcare Innovation Plan and Medical Home Development projects.

FISCAL NOTE

\$30,000 for council facilitation, may be offset by grants, if available.
